Earl H arris may be missing. Yesterday afternoon George Towell SNCC worker from Greenville went to Hollandale. Earl Harris told him that there was a bounty on his (Earl's) head. Someone had offered a local Negro \$40 to kill Earl. Earl had a gobetween who was going to talk to the local police. Earl was to call Greenville by 6:30 P.M. He didn't. At 2:30 this A.M. Stokely Carmichael and Charlie Cobb went to Hollandale. They heard from a local citizen that Earl is in hiding. They are still in Hollandale and expect to hear from Earl this morning. They thought it best not to call local police or F.B.I. before morning.

Selma: Tom Brown and John Love: ~~RRR~~ 12:05noon

At about 10:15am, Selma time, John Love and Eric Farnum were walking from the Freedom House. Several police cars drove by and one pulled over as they were talking with Mrs. Boynton's two neices and daughter-in-law who had stopped in a car to offer them a ride. The police ordered John and Eric into the car and went through the voter registration papers they were carrying. One of the officers started talking to Eric about how he 'ought to stomp his guts out', and why the hell couldn't he ~~kkkk~~ stay up there where he belongs, and he is worse than a nigger'. ~~kkk~~ John, Eric and the three girls were taken down to the police station where Dep. sheriff Crockett talked with them. Crockett is the deputy who had come to the Freedom House about a week ago with forms for John and Eric to fill out saying "I just want to know who you are if they drag your bodies out of the river." Crockett said that ~~kk~~ he wanted to be fair with them and therefore would let them go this time. He spoke about the injunction and said that he personally would not be strict~~k~~ about it and would allow leeway for 'social activities', but he would arrest them for anything else. Crockett kept the group about $\frac{1}{2}$ hour and then let them go.

ABC is interviewing some Selma residents who have been involved with the movement. The interviews will be incorporated into a nation-wide program they are doing in conjunction with the ~~kkk~~ Republican National Convention, ~~kkkkkk~~ the problems of Alabama, and why they Negroes in the south should be able to vote.
