Dear Mr. Moore:

We have heard at this church that there is a great need in your area for children's clothing. We understand that this need is partly due to racial tensions resulting from a movement toward school integration.

Would you be good enough to advise me more about this situation, giving a list of some of the items especially needed, so that we might try to determine what we could do to help.

Very truly yours,

(The Rev.) Carleton Schaller Jr.
