Dear Mr. Stamps,

According to our agreement of last fall, you wanted your advertisement to run through the month of September at which time you would pay for that month and the week of August 11 that you previously had on your account.

We would appreciate prompt payment on that account so that we may continue to run your advertisement. As you probably know, over 2000 papers have been distributed each week in your area. That means that advertising in the FREE PRESS is likely to be a profitable expenditure.

I hope that your business is doing well.

Sincerely yours,

Charles Butts
