Dear "Betsey,"

Hope you've been holding down the fort in Detroit. It's been so long since I've seen you.

I suppose you heard that I had a girl - Sherrilynn Gill.

I understand from Carl Braden that a union in Detroit was considering "adapting" me; that is, financing my work with SNCC. I've started back to work for the last couple of months. I wonder if you know or have heard anything about this proposed "adaption". I'd certainly appreciate anything you could tell me. Also, is there a phone number by which I can reach you.

I'm sorry we never got to finish that talk we started. Remember? I often wish we had been able to do so. We'll have to make it a point ~~not~~ to do so next time.

Hello to all the folk in Detroit!

Love,

Diane
