Dear Mr. Moore,

By this time I am sure you have heard of the Committee For A Freedom Now Party. It is our conviction that unless such a move has a strong response in the southern areas of greatest tension, then we are acting at the wrong time.

I am enclosing a summary statement of our tentative program. We are initiating a series of discussions throughout the country on the necessity for, and the method of independent Negro action.

Having followed your inspiring work, we would be happy and honored if you would agree to serve on our National Committee.

Please let me hear from you as soon as possible.

Sincerely yours,

Conrad J. Lynn
