

614 Chrisman Avenue
Cleveland, Mississippi
November 14, 1963

Dear Carl & Anne

I suppose this letter will come as a surprise to you since you know that I don't like to try to write. I have a problem and don't know anybody to turn to but you. This is my problem:

In the summer of 1954 I bought an air conditioning unit for my station, it was bought from a local dealer who thought that I should have it financed through the Federal Housing Administration, so, that's what they did based on my income from the Post Office Dept. The total cost of the unit was \$2295.00 I paid it down to about \$1100.00 before the Post Office Dept my hours from 35 a week to 16 hours a week. I informed the F.H.A. that I couldn't keep up the payments, and ask them to sell the unit to get their money, they wouldn't do as I ask and threatened to bring a suit against me. I wrote them and at that time they agreed to accept what I could pay, which was \$50.00 a year. Now there is a new man in the office and again he tells me that he must have it all which he claims is almost \$1700 plus int., and that this money must be paid before Nov. 22, 1963. Now the justice department has made an investigation of the Post Office Dept's reduction of my working hours and know what my income is, and they know that I am not able to pay that bill at this time, and not soon.

Inclose I am sending you a copy of his letter of Oct. 3, 1963. I hope something can be done about this matter.

Sincerely

Amzie
