Dear Mr. Ray:

Relative to your letter of October 22, 1963 in which you stated: "If you do not wish to make such payments, then the only alternative we would have is to file suit!" Now Mr. Ray I have never said that I do not wish to make payments, I only stated that my income is so small that I was unable to make such payments. That's why I was making five dollar payments in the first place. I told the Att. there in your office some four years ago that I would be happy to settle this account as soon as possible. When I bought this unit it was based upon my work at the U.S. Post Office which was 35 hours a week plus my wife's income, since then my wife had divorced me and my hours have been cut from 35 hours to 16 hrs a week and back to 22 hrs. a week. Now I have a veteran's house that I pay \$47.00 a month on plus the cost of living and utilities always keep me trying to borrow money that I know I can't pay back. I have tried to get your office to let me try to sell the Unit and pay that money on the debt, but so far I haven't heard a thing. I am doing the best I can, and I hope I can get somebody to pay the account for me. A friend has promise to let me have some money and as soon as I get that I shall send it to you until I can find a way to ~~pay~~ pay the unit.

I am sure I don't owe as much as was stated in your last letter. Must be some mistake.

Very truly yours

Amzie Moore
