10. Give your impressions of community, evaluation of your work, what you think can be done.

In the negro community I found signs of great poverty and poor health - In spirit there are contrasting attitudes some are apathetic or resigned, more are showing signs of determination to claim their rights - Tremendous enthusiasm over role of delegates of Freedom Democratic Party to Convention, over the fact that they have been heard.

White community a prisoner of its own prejudice, guilt complex and fear - Liberals disturbed but unable to act for economic or social reasons - Impression that this moderate contingent larger than we think.
