Dear Lois,

Please tell John Else that I am working in Baltimore, specifically organizing a Friends of SNCC office here in town. I have written to Dickie Flowers in Biloxi, telling him that I don't know when I'll be back down, but yes, I am planning to come.

I would like to know whether COFO can afford to pay volunteers subsistence wages, or if we will be still expected to pay our own way. (I think I know the answer, but would like to know for sure.)

It's my impression that many people are beginning to respond to the struggle in Mississippi, and I am encouraged with my activities here. I hope to be down around Christmas time, or a little after.

Yours for freedom,

Gren Whitman
