Mr. Ian McCrae
Department of Social Welfare
The United Christian Missionary Society
222 South Downey Avenue
Indianapolis, Indiana

Dear Ian,

APR 6 1964

I imagine it is high time you were hearing from me, following my trip with Ed Heiniger to Canton, Mississippi, the first of March! When I returned, it was necessary to plunge into a full round of pre-Easter duties and Youth Zone Meet I had promised to direct. Ed said he made his report right away so he could move on to other things. I found it necessary to reverse the procedure.

The enclosed statement "goes on and on", since I wanted to write down the gist of my several interviews. I thought you wouldn't mind my mimeographing it to make it available to people who might want it. I was pleased to be asked to go to Canton and am thankful for the experience.

Loris and I have talked it over, and we feel that we ought to bear the expense of the trip other than that which Dale Miller paid for my plane fare. Would you care to trade checks with me?

I am enclosing a letter which Loren Lair requested of Ed and myself concerning Mt. Beulah. Also, copies of letters to our Iowa Congressmen, and a news story which appeared in the Tribune upon our return from Canton.

Let me know what I can do further. Meanwhile, I had the distinct impression that Kent Borgeard, Glen Echo Church, would be honored to be sent on a mission if he should ever be called.

Sincerely,

Frazer A. Thomason
Minister
