Dear Mr. Amzie Moore,

In answer to your appeal for food and clothing for the distressed in your area, I am interested in representing you here in the Houston area.

I am a Baptist minister and I feel that the churches in this area can be of help to your cause. I am concerned that parcels we may send you would not be received by you, unless there is a definite arrangement made for sending and receiving. Under the circumstances do you think it would be better for us to mail or ship by bus, any parcels we have for you? Also, is there any way in which I could reach you by telephone?

Please reply to the address listed below. I pray that the God of us all may bless your efforts.

Yours in Christ,

Rev. Milton McGaskey
