Dear Ian,

Just before sealing yesterday's letter to you I received a phone call from Paul Morrison of Drake University explaining the way my airline ticket was purchased--by means of his Universal Credit Card.

I have given him my check for \$93.40 to cover the cost. Although I wish I could absorb it, right now it would break me. So please send me a check for \$147.40 and accept mine for \$54.00.

Sincerely,

Minister
