Naperville July 13 Monday G

Dear Tom,

Your letter of last Tuesday June 30 and sent to Berkeley came from Phoebe this morning. She had phoned me Sunday that you wanted the tape and i got it in the mail to you yesterday with three reels of blank tape. If you need more let me know. I am sending you today some mailers for tapes you may make with necessary postage. I will copy them and send them on to Phoebe.

As for Masonite. Hugo Law was their first adv agency and I worked on the account back in the early 20 s. I kew Mason who is dead and the man who was his chief technician, I've forgotten his name. Hugo who is president of the Urban League here in Chicago. He probably knows who is who at Masonite. I have a phone call in for him and as soon as he gets out of a string of meetings he is attending he will call me and we will see if we can get any pres ure on Masonite.
As or press clippings I stopped sending them but will resume them as soon as I can clip the Times.

I talked to Mimi this morning in Boston. She wanted to know about what I had heard from you etc. She will be homearound July 15-17.

Last night I attended a meeting in a fancy house in Hubbard Woods of the chicago group of the parents from the Chicago area who have children in Miss. Summer Project. It was decidedly a middle class group of about 50 to 60 people. 3 negro es came in late. The meeting was under the chairmanship of Chas W. Davis 757 Foxdale Winnetka who had been t Oxford and had talked to Dept of Justice in Washinhton. He let all the parents relate what they had heard about their kids and finally after two hours of this suggested that a committee draft a statement to be published in the ads of the Daily News urging people to urge the president to protect the lives of all the brave peopledoing their duty in Mississippi. The thing was so innoquous that I suggested that it be mad in favor of motherhood and against sin. I told them it should endorse the Mississippi Summer Project and proposed such an amendment. I told them that if they failed to publically endorse the Mississippi Summer Project it gave all the headline writers the chance to say "Parents Disprove Miss. Project" But I made no impression and on the vote it was at least 3 to 2 in favor of a statment which simply asked the public to write the president that they were agains sin and wanted the govt to help .
While they were planning on how to raise money for the ad I told them that I suggsted they railse it in confederate money and I walked out and came home at 11;30 PM.
They were chearly mostly all Goldwater enthusastic people and their only cure is to sweep things under the rug. Ho Hom.

Love Pappy
