Dear Mr. Moore:

Many thanks for your kindness in meeting with my son, Len, and me, and for arranging for the delightful and delicious dinner with Mrs. Watson.

Your continued support of and friendship for the fine young people of COFO are appreciated by all decent thinking Americans. I am sure you know that your friends here at our nation's capital will continue to be diligent in their efforts to secure for you and the other participants in this great movement, adequate Federal protection so that your work can be carried on in an atmosphere free from lawlessness and violence.

With best personal regards.

Sincerely,

Don Edwards
