Mr. Steve Blum
732 Main Street
Biloxi, Miss.

Dear Steve:

I received your note regarding the proposed community center at Biloxi. I wish that we could operate one there, but unfortunately we have no staff to send in.

You should discuss operating a center with the freedom school coordinator and with Staughton Lynd, and if it is felt that the freedom school staff can devote some time to the running of a program this should probably be all right.

Otherwise, I must suggest that you leave off any plans to start a center for the time being. We cannot assume responsibility for or send materials to any other operation.

Let me know what you decide.

Sincerely,

Anne L
