Dear Wattses,

My term is about up and I am going back to California Sunday. The first session of the schools is ending friday, and I am going to stay one more day to help with the first pricinct meeting of the Mississippi Freedom Democratic Party. These meetings are quite important since they are to be the basis of the bid for seating at the Atlanta convention. As it stands now, I am going alone. Can't wait to get to those dry plains of western Oklahoma or Texas.

I had thought I might call you on the telephone before I left, but I think I will wait til I can get to one t at is untapped. So I will call you on Sunday or Monday night instead.

If you liked the interview with the preacher I sent you, just wait. I have another lined up which I am going to do which is probably going to be even better. It is time for me to do my nightly taxi duty, so I had better run.

No need for more press clippings. We get the Times now in the COFO office.

Joe
