Dear George,

This afternoon a man named Sam Stuart came to see me at the Harris'. He was from Sandy Hill in Rankin county---just about 8 miles up highway #16 from where we are. He wanted Kay, Karol, and I to come out there and speak to a group of people about Freedom Registration since he had heard about us going around to the different churches in this area. We would not be able to use any of the churches, but a local woman---a Mrs. Lovey Chaffey---has offered us her home for this purpose. He said that some people from Canton had been out their way, but they hadn't been talking to the right people. I told him that we would be very happy to come but there would be complications since it was across the county line, and we would have to ask you. Also if you didn't think it was sake for us to come, some one from Canton would. He gave me instructions for getting to Mrs. Chaffey's home, and said I could get in touch with him at Roger's store (on highway #16 about 3 miles towards Canton from here) since he stopps there every day. If we go, we would like to make it Sunday afternoon after church. Is this all right? Would you like someone else to go with us? Would you rather we didn't go?

Awaiting Your Instructions,

Natalie D. Tompkins

P.S.---I would have called, but we can't use the phone any more.
