Friday evening

DEAR TERESA,

I have been to both of the Freedom Singers programs in Madison and I understand now what a fantastic program this Mississippi project is. I have talked to several people in Green Bay about it and a group called the Young Christian Workers are very, very interested in sponsoring the Freedom Singers in Green Bay. Is this at all possible? Green Bay is a rather large town with St. Norbert College and The Green Bay Extension Division and we are sure of a large audience support to make their trip worthwhile. The members of YCW have promised to go all out on publicity. I'm so anxious to have something worthwhile like this that I'm just praying that there is a chance. Please send me as soon as possible the information you can. Thank you very much.
