The Honorable Edith Green  
Old House Office Building  
Room 312  
Washington, 25, D. C.

Dear Mrs. Green:

All through last week in Atlantic City, while I was working for and with the Freedom Democratic Party in its fight to be seated, I was filled with admiration for the way in which you kept demonstrating that a morally based politics could be a highly effective politics. I know of several young people on the Freedom Party's staff to whom you and Congressman Kastenmeier became the last and very necessary proof that decency in politics was still possible, and workable. Many, many thanks.

Sincerely,

Arthur I. Waskow  
Resident Fellow
