Dear Bob,

Very nice to see and talk to you. The most immediate occasion for ~~KNEX~~ this letter was that I LOST JOHNDULEY'S ADDRESS, but then I found it so I'm more relaxed. I'm including carbons of the letters I've been writing. I hope the letters don't reflect too much ignorance—it takes me a while to grasp a new idea, unfortunately.

I hope you'll pass on the carbons to Mr. Duley, and figure out what to do next from there. I also hope that Mary Varela and Mrs. Smith will respond well.

I'll look to hear from you as things progress.

Yours truly,

Lois Chaffee
