Dear Mr. Segal:

I'm sorry to be so late in replying to your request for letters from Mississippi written by volunteers on the Summer Project. If your schedule still permits consideration of more letters, you might want to send for a particularly intense one which I wrote early in the summer. It can be obtained from Richard Healey, Reed College, Portland 2, Oregon. Mr. Healey has informed me that he still has the letter and will send it on request. I also wrote letters to Serge Scherbatskoy who can be reached at the same address.

sent

Again my apologies.

Yours sincerely,

Elinor Tideman
