Dear Dr. Jackson,

An article appeared in the Jackson Advocate in which readers were informed of the fact that at the Baptist Convention this year, a scholarship fund was set up for Negro students.

I would like to know about the procedures for applying for scholarship assistance; If you will forward the criteria necessary, I am sure that we have many Mississippi students who are in need of scholarship aid. We have made many contacts with organizations and people who are interested in the education of Mississippi students.

At present, I am arranging for the placement of students where scholarships make it possible. I would greatly appreciate hearing from you at your earliest convenience.

Yours in freedom,

(Miss) Geraldine L. Wilson
