Dear Alicia,

How is your beautiful weather? It is shirterine weather here. And I am glad to be here now. I do miss the sun and such, but not your weather.

I am working and trying to save for school. I plan on correspondence courses this semester and summer school in Madison. I can't decide on whether to finish here or at Madison. I like both places. Haven't gotten too far yet, hope to in Feb. What's going on Campus? Anything political? A South African Freedom Action Comm. is starting here to do work on the apartheid honor of S. Africa.
Anyone at Madison interested in coordinating activities on this subject—maybe demonstrations on the same day, etc. Let me know what you think. What are your plans for Easter? Coming out this way? I'd like to come back for Easter, but probably not until June. Write when time permits.

Sincerely,
Bob
