dear joanne and bill,

i guess joanne you are now in illinois and i hope you and bill are having a good rest;

things here are changing but not so rapidly; i have been out in my community for the past week and so has phil as i said we are working e f g h with green oh sigh; the car has been in the repair shop for the past week so we have been footing it sort of;

i will see you when you return i would like to talk with you about your ~~thing~~ thing away; it made a difference to both of us to get away and look at s in a new perspective and i wonder how you are finding it?

we are still planning to be married in mid-april (though some of the community thinks this is actual already) anyway at this point we are trying to wedge in writing to schools where there are possibilities that phil might be able to teach, working in the community, going to meeting, fighting the usual shit along with other small things.

mrs1 deveine has returned ---oh sigh.

sandy is ~~going~~ doing a good job in the office and i don't miss the pleasure; johnnie lee and eartiss have gone to waveland for work-study conference; randi is god knows where; george is in and out; the rest of us in our respective communitis including the new people. i think pat will do a good job in scott.

enclsed is some garbage that phil and i call a newsletter;

for freedom,

come back soon you finx  
we miss you people---we still mourn gee gee and dean
