Dear Miss Chafee:

I hope you remember me; we met in New Orleans and I pestered you during a workshop on community centers. You passed me a note promising to give me the Freedom School curriculum when I got to Jackson. Well, I got to Jackson and called several times but, alas, couldn't contact you. Would you be so kind as to send me what material you have? I enclose stamps to work on your conscience.

Thank you.

Sincerely,
