Dear Sir - Mr. James Farmer -

I have lost my job again and I need help again so will you please send me a check. You remember when I got a job I stop getting a check, but now I am working with CORE again with C.O. Chinn and George Raymond in Canton, Miss. where I live. I can't get a job here unless I work for CORE and right now I need help. I have a wife and three children, so will you please put me back on payroll this week, please.
