Friends,

Enclosed is the most recent check from Mr. Glauber for Michael Hutchinson, recently of the Columbus project..now returned to his home in Greenville. If you know of other sources of support for this party, the suggestion that future support be sent made out "Greenville Project" would be much appreciated as we are to a point where we are rationing gasoline for our two staff cars (used in voter registration work in a three and a half county area) just short of grounding them, etc . etc. I imagine you've heard the same tale of woe from other projects but northern support has ceased here altogether (as has our budget from Jackson), we're living on grilled cheese sandwiches mixed with peanut butter and things look bleak. However, pragmatically things are encouraging.

As we discussed on the phone last night, Michael's check should be made out to Mr. Johnnie Newsome. The names I mentioned in need of support in Issaquena County are Mr. Dean Hite and Mr. Jack Bunten. This same information will be passed on to Barbara Jones in Atlanta and Luriel Tillinghast in the Jackson office.

Fredon,

Dave Nevick

Greenville COFO

Dave - as yet can't send support
to projects must have person -
Barbara took Johnnie Newsome
off funds - if problem straighten
it out with Atlanta!
