

Dear Alicia:

April 8, 1965

I'll be leaving tomorrow for an extended vacation in New York. So I guess that means cut off the subsistence checks. However you might discuss the idea of sending the check to one of the local kids here who has been working with the movement full time. For more information write Fred Winn at Box 30.

Thanks very much for all the support. I'm not leaving the movement, just taking care of some personal business.

In freedom,
Karen

P.S. If you've already mailed this week's check I'll have someone mail it back. K.

Thanks again.
