SCOPE CHAPTER  
Sussex County, Va. cont.

Out of the \$350.00 that has already been spent, the Santa Barbara SCOPE requests \$140.00. We had not planned to charge SCOPE for our personal expenses but the money that we had brought for our personal expenses had to be spent the first week. The week of June 18th thru June 28th we were forced to live in The Forest View Motel in Sussex George County. We were at that time trying to get housing in Sussex County as no housing had been prepared for us. Because of this we were forced to use our private funds for food and more than usual for travel. We feel that we should be reimbursed just for our expenses so far and not for the travel
