Dear Mrs. Montgomery:

Nancy Stoller of our Little Rock office has informed us that you contributed the mimeograph machine we are now using. We have only had it a few days but we've already used it several times. We have run off such things as leaflets for a Mass Meeting in Gould and pre-voter registration forms for our canvassing.

Several of the local teenagers, especially the young girls, have shown an interest in learning how to operate the machine. This will not only give them something else they can do for the movement, this making them feel more a part of the whole operation, but it also gives them an opportunity to learn a new skill - one which they would not ordinarily be exposed to.

Again, on behalf of the entire staff and project here in Pine Bluff and Southeast Arkansas, let me thank you for your most generous contribution. It is only through the efforts of people like you that we can continue the struggle here.

Yours in Freedom,
