Palo Alto, California

Dear Mary:

This letter of yours got to me finally because Judy's now in New York going to school -- she's at Columbia General Studies.

I'll be glad to put your's and Dennis' name on the Student Voice list which is in pretty bad shape, so if you don't get things regularly it's not because you are on the top of the shit list! We're going to try to straighten it out, eventually, of course. I'll try to send you some other stuff but it may take time because I only come in two days a week and the rest of the time take care of my daughter.

Congratulations on your marriage which I heard about in vivid detail from Casey. Sounded quite lovely.

a copy of

I'm sending this with your letter to Judy so she can answer it, but I wanted you to know that I'll do my best to get your name on the list.

Best regards,

Dottie
