Indianola, Miss.

Dear Mrs. Montgomery:

Thank for the interest of you in this project and the Contribution was great and we like to thank you kindly.

This is one reason why we think your help to this project are important. Sunflower County not getting any kind of support amount to that much, Because the rest of our supporter are sending their Contribution to places like Strike City, which are good, But Indianola are almost another Strike City. Sunflower County contains thousands of family when places like Lowndes Alabama doesn't have but a few hundreds family. Don't get the wrong ideal about us we are not trying to tell you where to send your Contribution.

P.S Thank again
