Dear Friends:

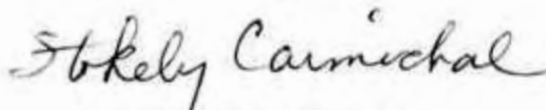

Your very generous contribution arrived at a much needed moment. The funds that we received over the past few weeks have been used to set up a tent city in Green County, Alabama.

A few days ago the six month old baby of a lady in Green County froze to death. The so-called house that she lived in is an incredible gathering of sticks. No human should be allowed to live in such a shack. We are in the process of moving this family into another house now.

We are also trying to expand the "Tent City at Lowndes County. There are many other families who have been evicted from their homes and need these tents for temporary shelter.

MANY THANKS

For freedom,

Stokely Carmichael
