Dear Miss Kolow

We're writing to you at a time of desperation, we are in great need of financial help here in Senatobia. So far we have been quite fortunate. People have allowed us to sleep in their floors of their homes, and also for us to eat from time to time. But as you know people can just do this for so long since they are living in such bad conditions themselves. So we're appealing to you as friends of S.N.C.C. to try and help. We would appreciate any worthy suggestions and contributions will be appreciated.

Sincerely Yours,
S.N.C.C. Project Workers
Senatobia, Mississippi

P.S. Our address at where we pick up mail is on the other side.
To Mr. Ernest Powers
Senatobia, General Post Office

Thank you very much.
