Dear Amzie,

Thanks for the signed release. The program goes on as scheduled on ABC on July 6th.

I've tried to get CBS to send you a print of the Mississippi show without success. They say you can see it in New York on request. The only other thing I can do is send you my own copy of it, which I will do if you wish. Is there a chance you'll be in New York soon or do you want me to send my print?

Thanks again for your help. I'll be looking forward to hearing from you.
