Dear **Annie**:

I guess the strain you've worked under for so long is going to take its toll somewhere. I'm sorry for these physical developments and very glad you are seeing a doctor.

I'm not sure I told you that I'll be out of town this week, back a week from today. Any emergencies should be talked over with Ernie, 513-~~661~~771-6485.

It is wonderful the program is going so well and here's hoping the appropriation will be renewed. I am enclosing the money orders you recommended.

As ever,

*Moc*
