Weekly Report, August 2nd ending

Communications
4 copies

Monday, July 27th, I went to Memphis for my draft physical which I passed with flying colors. One day wasted. Tuesday the cars were being repaired so I assisted at the community center with the kids and wrote "Talkin' Equal Rights Blues" and handled communications that evening for Carl. Wednesday, Thursday, and Friday were spent canvassing and setting up county meetings in Union and Lafayette counties. Saturday morning was clean house day and so I worked meanially. After the accident all activities were cancelled until Monday.
