

MRS. JOHN HULSART
64 CURTIS AVENUE
MANASQUAN, NEW JERSEY

December 31st

Dear Faith;

Years end and it is cold up here but no snow. I know it is colder than usual in the South but hope you are not suffering as I expect you have Winter clothes with you. Also hope Nothing unpleasant comes up during your stay in 1963.

Now and I want to thank you very much for the driving gloves you and Debbie sent me for Christmas. My old ones are very shabby so yours will be put to use at once. Thank you.

When I called Daddy to wish him a happy Birthday I hit it at the right time so Debbie was there and I had a chance to talk with her. It was so nice. She has a pleasing speaking voice. I have you new pictures hanging in my bed-room where the baby pictures were so now I know what you both look like!

Wondering if you will go back to college. A Cousins daughter took a year off to work for more money in order to finish and finally left the first semester--no it must have been the first quarter. She is in New York now working at Houghton & Mifflin and at present living at the Barbozon. She worked for that firm in Boston the year she took off. I hope you do go back if you can financially. In any case, I wish you a healthy, happy New Year,

Love,

Grandma Cora
